Your plastic packaging solution !

Bagging and clipping EC101 H

OVERVIEW

- Two pre-formed bag filling stations, for manual loading of products
- Various products: whole loaves, sliced bread. Once loaded into the bag, it is placed on the cross conveyor
- Brushes align the filled bags to ensure optimal packaging results. They are automatically transported to the clipping station
- Vacuum extraction removes excess air from the bag before clipping
- Castors and the compact design make the machine mobile and flexible
- Drive components are accessible by opening the machine doors
- Option : clip printing device

MAIN FEATURES

Product dimensions :
- Length : 400 mm
- Width : max 220 mm
- Height : 120 mm
• Machine dimensions :
Length : 3660 mm
Width : 1610 mm
Height : 1680 mm
Working height : 950 mm
