Clipping EC140

## OVERVIEW

- Versatile machine for the manual filling of pre-formed plastic or paper pouches
- The machine's structure and all panels are made of stainless steel, which is important for long-term durability and for easy, hygienic cleaning
- The wheels and compact design make this clipping machine mobile and flexible
- The bag is opened by the inflator, simplifying the filling process. The operator pushes the bag safely into the clipping area
- Options: turntable, inclined conveyor
