Slicer GS60

OVERVIEW

- High-performance reciprocating slicer for bread, sweet pastries, fruit bread, raisin bread, nut bread and muesli bread
- The vertical arrangement of the blades ensures a consistently even slice thickness
- Designed for 3-shift operation
- This high performance is based on a Hartmann gearbox, which is fitted with a special lubrication system
- To ensure optimal synchronisation with the packaging machine, the output conveyor has its own motor
- Its unique design allows easy access for cleaning and changing the frames
- Option: version up to GSXXL for products up to 750 mm
